January to December 2003

Index to Guidelines in Practice

Vol 6, January to December 2003

A

Abuse, alcohol, SIGN to launch primary care guideline on managing. *News* 6(8):11

Access,
to information, what should GPs do to comply with the law on? G Panting. *Medico-legal Issues in Practice* 6(5):59

to records, confidentiality and. G Panting. *Medico-legal Issues in Practice* 6(3):41
see also Rapid access service

Accountability,
and the new GP contract: setting the standard. G Panting. *GP Contract* 6(11):53

of appraisers. G Panting. *Your Problems Solved: Medico-legal Issues* 6(12):45

Advice via the internet, what rules should you follow when offering? G Panting. *Medico-legal Issues in Practice* 6(6):55

Alcohol,
abuse, SIGN to launch primary care guideline on managing. *News* 6(8):11

and smoking, evidence-based advice on, from the HDA. T Gillis. *Key Organisations* 6(2):61

misuse, SIGN launches primary care guideline on. *News* 6(10):11

Analysing critical incidents and significant events. P Bowie and J McKay. *In Reply* 6(4):19

Antenatal care,
NICE guideline aims to streamline. P Saul. *Personal View* 6(11):20

NICE guideline recommends evidence-based restructuring of. *News* 6(11):13

routine, guideline will modernise. C Barclay. *In Reply* 6(12):15

Antibiotic prescribing, rational, otitis media guideline will encourage. J Bain. *Guideline Development* 6(5):25

Anti-obesity treatments, RCP issues guidance on. *News in Brief* 6(5):12

Apnoea, *see* Sleep apnoea guideline

Appraisals,
how to complete them online. N Watson. *Your Problems Solved: IT* 6(3):70

NICE, WHO reviews. *News in Brief* 6(12):10

Appraisers, accountability of. G Panting. *Your Problems Solved: Medico-legal Issues* 6(12):45

Assessment,
of postmenopausal bleeding by GPs, guideline will support. J Davis and G McAlister. *Guideline Development* 6(1):16
see also Summative assessment audit

Asthma,
care, new national guideline should raise standards of. J Haughey. *Guideline Development* 6(2):25

guideline, joint, BTS and SIGN launch. *News* 6(1):10

guideline, joint, is a valuable tool for GPs. P Saul. *Personal View* 6(2):16

guideline, new, will improve standard practice. C Barclay. *In Reply* 6(3):18

management of. *SIGN Notes for Discussion with Patients: 6* 6(2):74

meeting the clinical indicators for. P Saul. *GP Contract* 6(11):43

reviews by phone are effective and save time. *News* 6(3):12

Attention deficit and hyperkinetic disorders in children and young people. *SIGN Notes for Discussion with Patients: 7* 6(3):76

Audit,
clinical, is a review of records a type of? M Charny. *Your Problems Solved: Audit* 6(5):70

clinical, mastering [it] online. *News in Brief* 6(4):14

critical incident and significant event, what is the difference? M Charny. *Your Problems Solved: Audit* 6(2):71

how to prioritise topics for. M Charny. *Your Problems Solved: Audit* 6(9):70

reports, clinical, how long should [they] be kept? M Charny. *Your Problems Solved: Audit* 6(2):71
